MRS. MORRIS MATTER

Congressman Sheppard Makes Some Interesting Remarks.

NO CHINESE BARRIER

Said If a Wolf Had Howled or Bear Growled the President Would at Once Have Repaired to the Scene.

Washington, Jan. 11.—The recent ejection of Mrs. Minor Morris from the white house office building was made the subject of remarks by Mr. Sheppard of Texas Wednesday. Mr. Sheppard has a resolution for an investigation of the incident pending before the rules committee. Mr. Grosvenor made the point of order that the discussion of a resolution pending before a committee was not proper.

"I object to a Chinese awl around the white house, as well as around the United States," Mr. Sheppard replied.

"If the gentleman thinks it is a proper subject matter to arraign the president and his household, why, let him go ahead," said Mr. Grosvenor.

"I will let the country judge of that," retorted Mr. Sheppard. "If the president had heard the howl of a wolf or the growl of a bear in the adjoining room he would have been on the scene immediately," he continued, characterizing the occurrence as an "unwarrantable and unnecessary brutality which demanded investigation and merited censure."

"If congress," he continued, "composed of American fathers, husbands, brothers, permits this incident to go unrebuked it will add a passive and cowardly approval of this violation of the most sacred principle of American life."

Mr. Payne of New York made the point of order that Mr. Sheppard was not discussing the bill under consideration, and when Mr. Olmstead, in the chair, recalled that in committee of the whole great latitude is allowed. Mr. Payne remarked that he disliked to deprive the Democratic party of a new issue, but he thought the speech was one which would be more in place in a police court than in the house.

Mr. Grosvenor said he knew no difference between the dignity of the house and any other house in the city, and he did not consider the American congress in the sense of a police court, or as having anything to do with the question of disorderly conduct of any employee in the neighborhood of the white house. He did not believe any condition had arisen where the husband of the woman in question could not secure the proper redress. House adjourned.

LITTLE HEADWAY.

Opposition to Hamilton Bill Apparently Develops Rather Slowly.

Washington, Jan. 11.—Opposition among the Republican members of the house to the Hamilton joint statehood bill seems to be making little headway. The leaders of the insurgents have prepared a pledge for the signatures of Republicans. This was freely circulated Wednesday among the opponents of joint statehood, and is now said to bear forty-five signatures. About twenty Republican members are undecided on the statehood fight, and the struggle to win them by the opposing factions is waxing hot.

The insurgents insist that many of their sympathizers have not yet had an opportunity to sign the pledge, and claim that they will readily obtain more than sixty names. Administration supporters declare the total strength of their opponents is not much more than forty.

EIGHTY BILLS PASSED.

One Provides For Marking Graves of Confederate Soldiers.

Washington, Jan. 11.—About eighty bills were passed Wednesday by the senate, leaving on the calendar only six or seven measures. Of the bills passed a large majority grant private pensions, and many were bridge bills. One of the bills favorably acted upon appropriated \$200,000 for the appropriate marking of the graves of Confederate soldiers who died in northern prisons during the civil war.

IMMENSE CAPITAL STOCK.

Certificate of Incorporation Calls For Forty Million Dollars.

Hartford, Conn., Jan. 11.—A certificate of incorporation of the Oaxaca and Pacific Railroad company of Hartford has been filed with the secretary of state. The authorized capital stock is \$40,000,000. The company proposes to build and operate railroads in Mexico.

Many Killed or Wounded.

Warsaw, Jan. 11.—The troops have captured the iron works at Ostrowiec, government of Hadon, which had been occupied by the revolutionists as their headquarters. Many of the revolutionists were killed or wounded.

Numbers Slain.

Ohatoff, Russian, Poland, Jan. 11.—Troops fired upon and charged crowds here for over an hour. Many persons were killed or wounded.

FLEECY STAPLE MEN.

Southern Cotton Growers' Association Is In Session.

FROM EVERY STATE

It Assembles In Crescent City, Where the Organization Had Its Inception, and Is to Handle Timely Subjects.

New Orleans, Jan. 11.—With a large and representative attendance from all cotton growing states, the Southern Cotton Growers' association opened its three days' session at Odd Fellows' hall Thursday. The association was organized in this city just one year ago, when cotton was selling at 6 cents. Its officers point to the reduction in acreage and fertilizers, increase of price of cotton to 12 cents, disclosure of scandal in crop reporting department of the government and improved condition of farmers a stangible results of the work it has done during the year.

Many important matters are to come before the convention. There will be a proposition to hold the balance of this year's crop until cotton goes to 15 cents. A decision as to acreage for the year is to be made. Congress will be urged to provide for a commission to visit the cotton markets of the world, including China and the orient, to find new fields for surplus product. Diversified farming and more perfect county organization will be urged. A national association will be recommended.

The question of permanent headquarters is to be discussed. Atlanta, Memphis and New Orleans will be candidates. The officers will be chosen and President Jordan will be a candidate for re-election. Though there has been some talk of opposition, the sentiment among delegates already here indicates that he will be elected to succeed himself with practically no opposition. The day will be to make the session a business affair. Three sessions a day are to be held. The number of papers at each session are limited to three. They are not to exceed thirty minutes in delivery. All discussions are to be cut to thirty minutes, and ten minutes is the limit of speeches.

Odd Fellows' hall is elaborately decorated. It was crowded when President Jordan called the convention to order. Many local cotton men are mingling with the delegates.

A feature that attracted attention was the presence of a negro delegation from Pinda county, Mississippi. Secretary Woods of the Mississippi association said they are regular delegates and entitled to seats.

President Jordan was given an ovation.

CHURCH GIVEN MEDAL.

Presentation of the Honor Emblem Made by the Chief Executive.

Washington, Jan. 11.—One of the heroes of the battle of Las Guasimas, Cuba, in the Spanish-American war, was rewarded with a medal of honor conferred by congress for conspicuous gallantry in action. The recipient of the medal was Captain James M. Robb Church of the medical corps of the army who, during the Spanish-American war, was a first lieutenant and assistant surgeon of the First regiment United States volunteer cavalry, the "Rough Riders." The presentation of the medal was made the occasion on account of the notable character of Captain Church's service of a brilliant ceremony. In the presence of a distinguished assemblage, including Secretary of War Taft, Lieutenant General Chaffee, chief of staff and members of the general staff of the army and several officers of the navy, including Surgeon General Rixey, all in full uniform, and members of the executive council of the American Medical associations, President Roosevelt presented the medal to Captain Church. The ceremony took place in the president's private office, and adjoining the cabinet room.

LYON STILL WAITING.

Increase of Appropriation For Agricultural and Mechanical Colleges.

Washington, Jan. 11.—The deeds to the site for the locks on the Brazos river at Hidalgo Falls was received by the war department and referred to the attorney general for approval.

Committeeman Lyon is still waiting for the list of Texas appointees whose commissions expire in the next ninety days, for which he will make recommendations during this present trip.

The committee on agriculture reported favorably the bill increase to appropriation to all state agricultural and mechanical colleges by five thousand dollars, and increasing the same annually until the increase reaches \$15,000.

START FOR TOKIO.

Prince Arthur of Connaught and Others Have Taken Departure.

London, Jan. 11.—Prince Arthur of Connaught, attended by Admiral Sir Edward Seymour and other members of the royal commission appointed by King Edward to present the order of Garter to the emperor of Japan, started for Tokio. Prince Arthur also is the bearer of three orders of merit for Admiral Togo, Field Marshal Oyama, and Field Marshal Yamagata.

EAGLE OFFICE FIRE.

Prompt Work Prevents What Might Have Been a Disastrous Conflagration.

Shortly before noon yesterday smoke was seen issuing from the ceiling of a skylight in the Eagle office and a hasty investigation showed that the woodwork under the tin roof had caught fire from a defective metal flue from a coal stove about the middle of the building, and was burning briskly. A fire alarm was immediately turned in, but meanwhile the office force got busy under the leadership of M. E. Wallace and O. E. Minkert. The latter effected an entrance to the attic, which was filled with dense smoke, and was soon dashing water on the fire from buckets handed up to him. Mean-

while the fire boys arrived and put the chemical to work in the attic, while others opened a hole in the tin roof and tore out the flue. The appearance of the firemen was most opportune and gratifying, and they made short work of the flames, but the Eagle believes the office force would have soon put it out without help. The editors desire to express their thanks to the firemen and many friends who responded to the alarm, for the valuable help given in time of need, and for the good order and judgment displayed by everybody while in the printing office. There was not a line of type knocked down and the Eagle sustained no loss from the fire or water damage. The damage to the building was slight and covered by insurance.

Mr. E. Rohde had the old metal flue replaced with a brick flue yesterday afternoon and says he is going to have the brick flues put in all his buildings where metal flues are now in use, at once. This would be a good example for all property owners to follow, and would materially lessen the danger of fire.

Have a good second-hand runabout for sale, or will exchange for saddle in good condition. J. G. Minkert.

What a Chain Letter Did.

On the third Sunday in December I was invited to Hortense, Polk county, to assist in the dedication of a house of worship built under peculiar conditions and by singular means.

Hortense had no church building and was greatly in need of one. To meet the conditions and do something to further the cause of Christ in that locality, Dr. and Mrs. W. H. Shize determined to erect a comfortable and commodious house for religious worship. But funds were not at hand and sufficient funds could not be raised in that community. Mrs. Shize, feeling the great necessity for a building there and believing in the worship of an all-wise Providence, started a chain letter asking of everyone receiving a letter the small sum of 5 cents. Some letters containing small sums began to pour in from every part of the United States and Canada. Some came from Europe. The Hortense mails were cumbered with letters for a long time. Nearly \$10.00 was received in this way. Now they have a church at Hortense that would be creditable to any community and which is destined to do great good in the neighborhood.

Three or four denominations of Christians participated in the dedicatory exercises. With the co-operation of all these denominations, the faithful promoters of the movement—evidently a providential movement—will enjoy a harvest of rich things in the years to come. United hearts and hands will surely bring such a reward.

TERRIBLE TRIPLE TRAGEDY.

Kills Another Clergyman, Latter's Sister and Own Wife.

Shreveport, La., Jan. 11.—A special from Mansfield to the Journal here gives the details of a triple murder committed near there during Wednesday night, in which a negro preacher, Henry Fleinken, murdered another negro preacher, his sister and own wife. Fleinken, according to the dispatch, became enraged, and taking a shotgun fire da charge into the body of Izer Simpson, a preacher, killing him instantly. He then fired another shot at Emile Simpson, sister of the preacher, the load taking effect in her back and breaking the spinal column, from which the woman died shortly after. Then he shot his own wife twice, but failing to kill her took a piece of wood and beat her brains out. After the triple murder the negro fled. Jealousy is said to be the cause of the negro's frenzied action.

About three years ago he removed to Dallas, where he was employed in the office of General Manager Farnsworth of the same company. He was also a well known Elk.

We have customers for several medium priced residences close in. If you have anything that you are willing to sell right, come and tell us about it. ONE MINUTE

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup.

Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure and gave her three doses half an hour apart. The croup was mastered and our little darling speedily recovered. I cannot praise One Minute Cough Cure too much for what it has done in our family.—A. L. Spafford, Postmaster, Chester, Mich.

Slays Slayer.

Stamps, Ark., Jan. 11.—City Marshal Fine was fatally shot by a negro named Matthew Williams. While falling he shot the negro through the heart, killing him. The officer was trying to arrest the negro.

PULLMAN'S PLUNGE.

Drops Fifteen Feet and Six of Its Passengers Injured.

St. Louis, Jan. 11.—Plunging from the Terminal Elevated Railway company's tracks at Carr street, the Pullman sleeping car Harcourt, attached to a Wabash train due at Union Station at 7:30 o'clock, dropped sideways fifteen feet to the granite paving of the levee this morning.

Six of the passengers on board were injured, one of them seriously. The remainder of the train continued on to Union Station.

The crash of the car as it landed on the pavement resounded through half a dozen warehouses and factories that stand near the scene. Many volunteers among the workmen were directed by Police Sergeant Quinnivan and broke open the vestibule of the sleeper and carried out the injured passengers. The sleeper had just swung into the elevated tracks that skirt the river front, when the derailment occurred. After running a few feet along the ties, the car careened to the westward and broke the wooden railing that runs along the tracks. Toppling as it fell, the car landed in the triangular space bounded by the steel supports of the elevated road and the walls of the buildings facing the levee.

The injured are W. E. Minor, Roswell, N. M., knee-cap broken; I. Rosenberg, New York, head cut; Mrs. D. F. Uray, Chicago, rib broken; J. W. Watterson, Milwaukee, left arm broken, head cut and a rib broken. He is unable to speak. Mr. and Mrs. J. G. Pomeroy of Chicago, Mrs. Pomeroy injured internally; Charles E. Sumner of Providence, R. I., back wrenched.

Porter J. P. Rambo stated that there were thirteen passengers in the car—twelve adults and a little girl. Among the passengers were General Manager Henry Miller of the Wabash and Vice President Allen of the Missouri, Kansas and Texas. They escaped injury.

MANCHURIAN ARMY.

Much is Expected of It in the Restoration of Order.

St. Petersburg, Jan. 11.—Premier Witte, according to the Novoye Vremya, at his reception Wednesday of the delegation headed by the mayor of St. Petersburg, which called on him to request relaxation of orders of prefect of police against meetings in the interest of the electoral campaign, declared emphatically that the government would not go an inch beyond the imperial manifesto in the question of transforming the national assembly into a constituent assembly for the purpose of formulating a constitution, and that he will not tolerate any attempt to do so, which would make it a revolutionary assembly and subject it to dissolution by the emperor. The Novoye Vremya also claims that the premier announced the emperor had not abrogated his autocratic power and could still by an imperial manifesto broaden, abridge and even abolish the rights granted to the people. Continuing, the paper quotes Premier Witte as saying that much is expected of the Manchurian army in the restoration of order in Russia. Only the rear forces, otherwise reservists, comprising 30 per cent of the army, are demoralized. The remainder are in splendid condition.

The demonstration of mourning planned to commemorate Jan. 22 (Red Sunday) includes the calling of a two-day general strike, beginning at noon Jan. 21. The "Reds" of St. Petersburg are striving to force the conflict and repetition of the Moscow barricade of streets and other features of the rebellion there, but the authorities are ready to declare martial law at a moment's notice and scout the idea that anything serious will occur.

PROTEST MADE.

Case of Mrs. Thompson Assuming an International Aspect.

Washington, Jan. 11.—Unless Secretary Metcalf of the department of commerce and labor orders the immediate discharge of Mrs. Lydia M. Thomson, who is alleged to have gone insane on the high seas in coming to the United States from England recently, and who was placed in the care of friends pending investigation into her mental condition, the case may assume an international aspect. In fact, a protest has already been made to the British ambassador against Mrs. Thomson's further detention.

James Wood of New York City, a friend of Mrs. Sarah Scull of Overbeck, Pa., whom Mrs. Thomson was to visit, has arrived here armed with a number of letters from noted New York alienists declaring examinations of Mrs. Thomson made by them late Wednesday disclosed the fact that she is perfectly sane and competent. Should the immigration officials insist, however, she is not sane, and Secretary Metcalf coincides with this view. It is the purpose to take the case to Secretary Root and even to the president if necessary.

Houston, Jan. 11.—Footprints, the mark of a shoe in the mud and the indentation of the sole upon the soft soil, together with threats of a nature calculated, it is claimed, to support a contention of guilt, are what faced Sam Jackson in his trial for murder before Judge Gillaspie.
